About Me

Hi! I'm **Gerald**, **UX / UI Designer, Front-End Web Developer & Wordpress Designer**

I'm a passionate UX/UI Designer, I specialize in designing great experiences for websites, web apps, and mobile apps.

I have strong experience using Figma to create wireframes, mockups, and prototypes. I've been designing and developing responsive web dashboards and any type of graphics.
I'm also knowledgeable in front-end development, maintaining or updating existing websites in WordPress, Cofoglyphical and OneFunnels.
